- 3) must provide proof to the FIC that the Accountable or Reportable Institution screened its clients against the United Nations Security Council Sanctions Lists, even if the institution did not get a positive match during such screening process.

Further, it should be noted that, it is an offence in terms of section 2 of the PACOTPAA to deal with, enter into or facilitate any transaction or perform any other act in connection with funds connected with or owned by individuals, entities and other groups associated with listed individuals or entities. The prohibitions contained in the above sections further establishes an effective freeze over the funds connected with or owned by the said individuals, entities and other groups as contained in the lists to ensure no transaction or any other act is performed in connection with such funds.

An AI or RI which provides products or services to these individuals, entities, and other groups as per the said lists, as a result of failing to implement adequate screening measures, commits an offence and in addition exposes itself to an extremely high risk of Terrorist Financing or/and advancing weapons proliferation objectives.
